

Child Group & Individual Masters Level Clinical Fellow

The Brookline Center for Community Mental Health is a leading Massachusetts provider of mental health care and community-based social services; a sought-after placement for training clinicians; and a partner to more than 50 agencies working to improve the wellbeing of our community's most at-risk and vulnerable populations.

The Brookline Center offers outstanding, affordable care to all who need us no matter their ability to pay, helping individuals, children, and families lead healthier, safer, and fuller lives while building a stronger community for all.

POSITION SUMMARY

The Brookline Center for Community Mental Health is seeking a full-time salaried clinician to help provide individual and group psychotherapy, as part of our child outpatient program. The ideal candidate would have experience working with both individuals and groups, and be committed to working with a diverse clientele.

This is an excellent opportunity for a clinician who is looking for a collegial setting with wonderful co-workers and a broad set of related services. The Brookline Center has a strong commitment to training and professional development. Clinicians receive 2 hrs/week of supervision and can participate in a variety of seminars, lectures, and other professional development activities. This position also offers opportunities for professional growth.

We are actively interested in ensuring that The Brookline Center for Community Mental Health represents a range of experiences and backgrounds. Qualified candidates with diverse racial, cultural, multilingual, religious, class, and/or gender background, and experiences are strongly encouraged to apply.

RESPONSIBILITIES

- Lead or co-lead groups for adolescents and/or children
- Provide intake and diagnostic assessments for new clients
- Develop treatment plans in accordance with regulations and agency policy
- Provide individual therapy with adults, adolescents, and/or children at The Brookline Center
- Collaborate with collateral contacts and other providers
- Complete all documentation as required in a timely manner
- Participate in teams, committees and/or other activities as appropriate
- Attend professional development/in-service trainings

REQUIREMENTS

- Master's degree in Psychology, Education, Social Work, or a related clinical field
- Excellent interpersonal, organizational, and clinical writing skills
- Experience with group psychotherapy
- Ability to work at least one to two evenings per week
- Hours and Reimbursement: This a full-time salaried position. Individuals will be expected to work 40 hours per week, with 65% of that time spent providing direct patient services. Competitive salary and benefits, including health and dental insurance as well as paid vacation and sick time.
- Requirements: Master's level degree required. At least one year of experience providing individual or group psychotherapy to children and/or adults.
- Bilingual abilities highly desirable.

Hours and Benefits: This a full-time salaried position, 40 hours/week, with 26 hours (65%) of that time providing direct clinical care and includes one or two evenings/week. Excellent benefits package, vacation, health and dental insurance.

Equal Employment Opportunity

The Brookline Center is an equal opportunity employer, committed to workplace diversity. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
