

Adult Psychiatrist

The Brookline Center is seeking a part-time (16-20 hours/week) Board-certified, adult psychiatrist with strong and flexible clinical skills who is enthusiastic about working in a multidisciplinary, collegial, community outpatient setting. The position includes adult outpatient clinical care, including evaluations and ongoing psychopharmacology services and psychotherapy. Based in our outpatient offices in Brookline and Boston, MA, services include both telehealth and in-person clinical care of our clinically diverse patient population. The Center offers many opportunities for learning, innovation, and professional development

Organization

The Brookline Center for Community Mental Health is a leading Massachusetts provider of mental health care and community-based social services; a sought-after site for clinician training; and a partner to more than 50 agencies working to improve the wellbeing of our community's most at-risk and vulnerable populations. The Brookline Center offers outstanding, affordable care to all regardless of the ability to pay. We help individuals, children, and families lead healthier, safer, and more fulfilled lives, while building a stronger community for all. The Center's collegial, multidisciplinary staff have a strong commitment to collaboration, training, and serving a clinically and ethnically diverse patient population.

We are actively interested in ensuring that the Brookline Center for Community Mental Health represents a range of experiences and backgrounds. Qualified candidates with diverse racial, cultural, multilingual, religious, class, and/or gender backgrounds and experiences are strongly encouraged to apply.

Duties:

- Evaluate and assess patients' medical, behavioral, and psychological needs and conditions
- Prescribe and monitor psychotropic medications
- Supervise one or more psychiatric nurse practitioners
- Provide psychotherapy, psychoeducation, and preventive services
- Communicate with patients' relatives, collaterals, and fellow professionals in the community to develop and implement treatment plans
- Provide physical health screening and primary health care monitoring
- Provide clinical consultation to peers and other health care professionals.
- Perform related duties as required

Qualifications:

Current licensure in the Commonwealth of Massachusetts as an adult psychiatrist. At least one year of post-residency experience is highly desirable.

Hours and Location:

The position is based in our outpatient office in Brookline and the Cedar Clinic in the Longwood medical area. The hours are 16-20 hours per week (Monday to Friday), of which 65% will be face-to-face direct patient care and includes one evening (until 8 PM). Treatment can be provided both on-site as well as through our telehealth platform.

To apply, email resume and cover letter to: lisleccacorvi@brooklinecenter.org.

Equal employment opportunity

The Brookline Center is an equal opportunity employer, committed to workplace diversity. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
