

## **BRYT CLINICAL COORDINATOR – BROOKLINE HIGH SCHOOL**

If you're excited about driving change and passionately believe that all people deserve access to quality behavioral health care, we have an amazing opportunity for you! We're looking for leaders who are committed to developing innovative, patient-centered behavioral health programs, ensuring quality outcomes and creating a culture of equity and inclusivity.

### **About the Brookline Center**

The Brookline Center for Community Mental Health is a leading provider of mental health care and social services for adults and children. The Brookline Center has long played an important role in expanding access to mental health care in the community, and the pandemic has only heightened these needs.

Beyond our provision of high quality, affordable outpatient care, the Brookline Center creates and operates nationally recognized, innovative mental health programs through partnerships with schools, community agencies, and healthcare providers in Greater Boston, across Massachusetts and, increasingly, nationwide. In response to the ongoing crisis in mental health care access, the Center is poised for significant strategic growth in the coming years. For those with a passion for mental health, it's an exciting time to join our team.

### **Position Summary**

The BRYT Clinical Coordinator is primarily responsible for assisting high-risk adolescents in their reentry back to school and community after extended mental health/health-related absences which includes outreach and support to adolescents and their families, development and implementation of transition plans, consulting with the Brookline High School staff, local agencies and hospitals in the community, crisis intervention and participation in the evaluation and program planning.

***We are actively interested in ensuring that the Brookline Center for Community Mental Health represents a range of experiences and backgrounds. Qualified candidates with diverse racial, cultural, multilingual, religious, class, and/or gender background and experiences are strongly encouraged to apply.***

### **Key Responsibilities**

- Operates and continuously improves an intensive intervention dedicated to successful transition back to school for students who have experienced significant mental health challenges and have missed extensive amounts of school time.
- Develops and ensures effective implementation of a comprehensive transition plan integrating clinical, care coordination, academic, and family supports for each student in BRYT; has primary responsibility for implementation of the clinical, care coordination, and family support components of the overall plan.
- Organizes and facilitates meetings with staff of collateral agencies prior to and during students' participation in BRYT.

- Provides 1:1 and/or small-group clinical intervention to BRYT students on a flexible, as-needed basis, employing clinical methods that are most appropriate for meeting the goals in each student's case management plan.
- Pro-actively communicates with educator colleagues and school administrators regarding the progress and status of each student in BRYT, maintaining student confidentiality as appropriate.
- Engages in consistent two-way communication with the families of BRYT students to keep them apprised of student progress and gather feedback and information to support student learning and well-being, including making home visits to families where appropriate; develops and provides family support and engagement activities.
- Maintains a program environment that is conducive to learning and appropriate to the maturity and interests of students.
- Provides functional support/supervision to assigned MSW social work intern in BRYT program.
- Ensures that all required data is gathered and entered into data management systems according to program procedures.
- Develops reasonable rules of classroom behavior and procedure, and maintains order in the classroom, including addressing inappropriate student behaviors as needed.
- Other duties as assigned in relation to function of the BRYT program.

### **Education and/or Experience**

- Master's level degree or above, with independent license preferred - LICSW, LMHC, LMFT, PhD/Psyd, MD
- 2+ years direct clinical care with children/adolescents
- Experience working in school-based setting preferred
- Bilingual/Bicultural candidates strongly preferred

### **Qualifications**

- Strong clinical skills demonstrated in an outpatient or school setting.
- Excellent case management skills.
- Ability to coordinate services across systems.
- Excellent communication skills (verbal and written).
- Proficiency with documentation in an electronic health record.
- Proven ability to collaborate with providers, families, and social service agencies.
- Desire to develop and maintain collaborative relationships.
- Excellent organizational skills.
- Demonstrated commitment to, and experience working toward, diversity, equity, and inclusion
- Ability to manage some level of change and growth.

### **Benefits**

The Brookline Center offers a supportive, mission-focused work environment; professional growth opportunities; competitive salaries; and a comprehensive benefits package that includes medical, dental and vision insurance, flexible spending accounts, pre-tax savings and retirement plans, disability and life insurance, and generous paid time off.

### **To Apply**

Please submit your resume along with a cover letter that outlines your interest and qualifications to Lisa Leccacorvi, Director of Human Resources, at [Talent@brooklinecenter.org](mailto:Talent@brooklinecenter.org).

***Equal Employment Opportunity***

*The Brookline Center is an equal opportunity employer, committed to workplace diversity. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.*
