

**the brookline center**  
for COMMUNITY MENTAL HEALTH

### **Mental Health Clinicians - Outpatient (Benefitted Fee for Service)**

The Brookline Center has been known throughout its history for ground-breaking, high quality, accessible mental health care. In response to today's mental health landscape, the Center is re-imagining its core work as the transformation of mental health care through the design, development and dissemination of mental health programs and services at the intersection of systems. While our outpatient clinic cares primarily for children and adults in Brookline and neighboring communities, much of the Center's work extends beyond Brookline and has a statewide, regional, and national impact.

If you are interested in shaping the future of mental health and ensuring that care is effective and equitable for all, we would love to meet you.

Learn more about our work and impact at [www.brooklinecenter.org](http://www.brooklinecenter.org).

We are looking for licensed mental health clinicians (independently licensed preferred) who are interested in doing same day or next day care and short-term care with high to medium acuity clients of all ages and presentations and are enthusiastic about working in a multidisciplinary, community outpatient setting.

***We are actively interested in ensuring that the Brookline Center for Community Mental Health represents a range of experiences and backgrounds. Qualified candidates with diverse racial, cultural, multilingual, religious, class, and/or gender background, and experiences are strongly encouraged to apply.***
